Questions

- | | |
|--|-----|
| 1. Clarity of the exposition (excellent = 5) | 4.1 |
| 2. Speed of presentation (too fast = 5) | 3.3 |
| 3. Global assessment of the TA (excellent = 5) | 4.3 |

Comments and suggestions for the teaching assistant

- Some parts of the code were maybe explained too fast, but overall I understood the basics of Python given the short time we had.
- We had few interactions but I highlight the assembly of a good Python tutorial, reviewing quite a few tools in such a short time, and that during the project presentations, he was very active, with interesting and timely questions and proposals.
- Alvaro did a good job trying to teach us Python!
